

Ready to upgrade?

Membership application and upgrade workshops 2008

Workshop Calendar 2008

4 November	1pm	Belfast
29 November	9am	Dubai
12 December	1pm	London

* Manchester meetings will take place at the ICES Office in Sale, South Manchester

- **Are you thinking of upgrading your ICES membership and if so, are you applicable?**
- **Do you know of anyone who is thinking of applying to become a member of ICES?**
- **Are you an employer with trainee surveyors wishing to develop your professional skills?**

If you answer yes to any of the above, then these free one hour workshops are designed to make applying to upgrade or applying directly for membership as simple as possible.

Workshops cover eligibility, application documents and the membership review interviews. They are equally suitable for applicants wishing to become Technical Members, Corporate Members or Fellows. Workshops are informal and the aim is to ensure that you understand if you are eligible to apply, how to write-up your documentation and interpret the competencies. Plus, find out how to make the most of your review interview.

Book your place now!

Group workshops can also be arranged.

Please contact Paul Brown for further details or to register your interest.
