

## Press Release

SURCO Limited

### **NEW FOR 2009 – EXHIBITION FOR CONSTRUCTION AND ENGINEERING SURVEYING (XCES)**

SURCO Limited, the trading company of the Institution of Civil Engineering Surveyors, presents XCES, an exhibition dedicated to the construction and civil engineering industry. The exhibition will encompass all the latest surveying, mapping and imagery technology available in today's marketplace.

#### **Specialisms**

- Land, building and engineering surveying
- Hydrographic surveying
- Photogrammetry and remote sensing
- Geographic information systems
- Cartography/visualisation
- Laser scanning

XCES will be staged at the popular York Racecourse on 22<sup>nd</sup> and 23<sup>rd</sup> April 2009, which offers the latest facilities, set in a very attractive environment.

XCES will unite all aspects of the surveying industry in one place and has already attracted numerous exhibitors, with the industry's leading professional bodies (ICE, RICS, TSA, AGI, RSPsoc, CIAT, IHIE and ABE) co-sponsoring the event. It is anticipated XCES will become the major showcase for surveying products and services within the geospatial user communities.

Alan Lees, Media Sales Manager of SURCO said: *"Our thinking behind this exhibition was confirmed by extensive research and consultations conducted with the industry. We have listened to what the market wants and acted accordingly to fulfill their requirements and hopefully exceed expectations"*.

A huge number of visitors are expected and will be offered the chance to attend different workshops enabling exhibitors the opportunity to further promote their products and services.

An evening dinner has also been arranged during XCES. The evening will join colleagues together for a night of socialising with fine dining and top class entertainment.

Further information will become available on the Institution's website (<http://www.ices.org.uk/xces.php>) and will be promoted in *Civil Engineering Surveyor*, the monthly journal for the members of ICES, and other leading industry publications over the coming months.

**Notes**

SURCO Limited is the trading company of the Institution of Civil Engineering Surveyors (ICES) and is responsible for the commercial activities of ICES.

SURCO was established in 1992 when ICES became an educational charity.

SURCO supports the education and training aspects of ICES membership and offers specialist tutor training for surveyors working within civil engineering. SURCO Training can arrange for courses to be delivered either in-house or externally. Further information and a full course list can be found at <http://www.surco.uk.com/training.php>

SURCO also publishes the Institution's journal, *Civil Engineering Surveyor*, as well as annual supplements on electronic surveying, construction law and GIS/GPS.

**Date: 21<sup>st</sup> July 2008**
