

AFFILIATE MEMBER

Affiliate membership

An affiliate member has an involvement with the construction industry and may or may not wish to move up to one of the qualification grades of membership.

The grade may be used as a holding grade for those applicants working towards the technical or corporate grades of membership.

Affiliate members may also be studying for qualifications that are relevant to ICES membership, but are not accredited by the Institution.

Key benefits

- The opportunity to apply to upgrade to the qualification grades of membership.
- A monthly e-newsletter listing of news and events.
- Ten copies per year of the Institution journal, *Civil Engineering Surveyor*.
- The opportunity to become an active member of the ICES Network and participate in its activities.
- Access to ICES regional events.
